RING SIZER

Find your size in three steps.

1 Print this page at 100% (actual size, no “fit to page”). Check it with a ruler: the bar below must measure exactly 50 mm.

50 mm (5 cm)

2 Cut out the sizer on the left along the dashed line, and cut the slit.

3 Wrap it around the base of your finger, thread the pointed end through the slit and pull until it sits snug, not tight. The gold line that reaches the slit is your size: 6, 7 or 8.

SIZE	INNER CIRCUMFERENCE	INNER DIAMETER
6	52 mm · 2.05 in	16.6 mm
7	55 mm · 2.17 in	17.5 mm
8	57 mm · 2.24 in	18.1 mm
